Personal Budgeting Tools
An approach to budgeting that is tailored to your lifestyle.

- Provides structure and personalized projections for decision-making
- A reality check on the true costs of living a particular lifestyle
- Illustrates the need to match income and expenditure
- Shows the financial impact of a career and life decisions

For students, simulate the financial impact of career paths and lifestyles, step-by-step
For adults, see where money comes from and goes, and learn to live within your means
Calculate assets, liabilities, and equity, while learning about financial ratios
With nine simple inputs, understand the total cost of home ownership

Learn to Manage
- Earned Income
- COLA Adjustments
- Federal/State Taxes
- 410(k)/Savings
- Medical Expenses
- Charitable Giving
- Debt Servicing
- Housing
- Food
- Personal Items
- Auto
- Entertainment
- Vacations
- Startup Expenses
- Assets/Liabilities
- Equity
- Home Ownership Costs
“Only 20% of a person’s success is determined by their degree, while the remaining 80% depends on soft skills.”
— Michigan State Study
